TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Hollis in the County of Hillsborough in said State qualified to vote in Town Affairs:

You are hereby notified to meet at Town Hall in said Hollis on Tuesday, the 13th day of March, next, at nine of the clock in the forenoon, to act upon the following subjects:

Polls will open from 9 A. M. to 6 P. M.

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

3. To hear the reports of the Selectmen and other Town Officers and Committees.

4. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes.

5. To see if the Town will vote to accept State Aid for the construction of Class V Roads and appropriate the sum of $865.31.

6. To see if the Town will vote to authorize the Selectmen to distribute blank inventories at the time of appraisal.

7. To see if the Town will vote to assess a fine of twenty cents on each poll tax not paid by December 1, 1956.

8. To see if the Town will raise and appropriate the sum of $500.00 for five band concerts during the year 1956 by the Hollis Church School Band.

9. To see if the Town will vote to raise and appropriate the sum of $17,500.00 for the purchase of a Road Grader.

10. To see if the Town will vote to raise and appropriate the sum of $2,000.00 to be placed in the Capital Reserve Grader Fund.

11. To see if the Town will vote to authorize the Selectmen to withdraw the present Capital Reserve Grader Fund of $3,290.21 and apply it with any Capital Reserve Grader Funds raised at the March 13, 1956 Town Meeting toward the purchase of a Road Grader.

12. To see if the Town will vote to authorize the Selectmen to borrow up to $11,300.00 to cover the balance of the cost of a Road Grader.

13. To see if the Town will vote to raise and appropriate the sum of $8,000.00 for the purchase of a Fire Truck.

14. To see if the Town will vote to raise and appropriate the sum of $2,000.00 to be placed in the Capital Reserve Fire Truck Fund.

15. To see if the Town will vote to authorize the Selectmen to withdraw the present Capital Reserve Fire Truck Fund of $2,000.00 and apply it with any Capital Reserve Fire Truck Funds raised at the March 13, 1956 Town Meeting toward the purchase of a Fire Truck.

16. To see if the Town will vote to authorize the Selectmen to borrow up to $4,000.00 to cover the balance of the cost of a Fire Truck.

17. To see if the Town will vote to accept the sum of $1,250.00 from the Firemen's Relief Fund to be used toward the purchase of a Communications System under the Civilian Defense Act.

18. To see if the Town will vote to raise and appropriate the sum of $2,000.00 under the Civilian Defense Act toward the purchase of a Communications System.

19. To see if the Town will vote to name the road leading from Silver Lake Road past Charlotte Blaney's home and Austin Parkhurst's home, Pound Lane.

20. To see if the Town will vote to amend section 7 of the Zoning Ordinance by striking out Sub-paragraph b. of Paragraph 4 thereof and inserting in its place the following:

> b. Upon receipt of an application for a permit to operate a new business and/or to erect a building to be used in connection therewith, the Board of Adjustment shall notify by certified mail all owners of property within a radius of one thousand feet of the business which is proposed to be carried on or of the building which is proposed to be erected, and shall not issue a permit for the new business, nor authorize the Building Inspector to issue a permit for the building until ten days after such notification has been mailed.

21. To see if the Town will vote to amend Section 7 of the Zoning Ordinance by striking out sub-paragraph c. of Paragraph 4 thereof and inserting in its place the following:

> c. Any owner of property within a thousand foot radius of the business which is proposed to be carried on or of the building in which the new business is proposed to be established, may, within ten days after such notification has been

given, object in writing to the Board of Adjustment on the ground of the nature of the proposed business or of the appearance or use of the proposed building or structure. The Board of Adjustment shall thereupon give a hearing within thirty days of the receipt of such notice of objection at which parties in interest and others shall have an opportunity to be heard, and shall decide whether the permit for the new business and for the building to be used in connection therewith shall issue or not. At least fifteen days notice of the time and place of such hearing shall be given by publication in a newspaper of general circulation in the Town of Hollis and by posting at the Town Hall and Post Office.

22. To see if the Town will vote to amend Section 3 of the Zoning Ordinance by striking out Paragraph 9 thereof and inserting in its place the following:

> 9. Building Area and Lot Size. No building or set of buildings shall occupy more than thirty per cent of the lot on which it or they may be located and each lot shall have an area of at least one acre and a frontage of at least two hundred feet, with the exception that lots within a radius of one-half mile of the Town Hall shall have an area of at least fifteen thousand feet and a frontage of at least one hundred feet. Each family dwelling unit must contain not less than 600 square feet of floor area, exclusive of unenclosed porches.

23. To see if the Town will vote to amend Section 3 of the Zoning Ordinance by striking out Paragraph 14 thereof and inserting in its place the following:

> 14. Trailers. No trailer shall be used as a residence in this area for more than three months without a permit from the Board of Selectmen. Upon application made prior to the expiration of the three months period, a permit may be granted by the Board of Selectmen for a six months extension of this period. No trailer shall be used as a residence for more than nine consecutive months out of any twelve month period, with the exception that upon application made prior to the expiration of the six months extension, two further six months extensions may be granted by the Board of Selectmen provided the location of the trailer is outside of the area within a radius of one mile of the Town Hall.

24. To transact any other business that may legally come before this meeting.

Given under our hands and seal this twenty-fifth day of February, in the year of our Lord Nineteen Hundred Fifty-six.

HEALTH OFFICER'S REPORT

Yes 1955 was the best year Healthwise we have had in Hollis for some few years.

There were fewer cases of children's contagious diseases reported than usual with no serious epidemic occuring in 1955. There were no reports of serious unsanitary conditions in our town. Let's keep up the good work by each and every one doing his or her part to keep our Town Clean.

Many have been wondering about the Garbage collection and disposal since our faithful friend Mr. Molis has passed away. His son Mr. John Molis has agreed to carry on the Garbage Collection for 1956 with the following change. The Garbage will be collected on Fridays and Tuesdays in 1956 from April 1 to October 1 and from Oct. 1, 1956 to April 1, 1957 on Fridays only. Please cooperate by supplying your own Garbage pail with a tight cover, and set it out by the Road on the above Collection days, seeing to it that no glass, tin cans, paper or other rubbish is disposed of with it.

We are maintaining a Town Dump at an ever increasing expense to the Town to take care of your rubbish, please use it in the proper manner or else it will have to be operated with restrictions which may not be as convenient for you.

The Hollis Woman's Club cooperated in our health program by sponsoring a CHILDREN'S HEALTH CLINIC on MARCH 16, APRIL 13, and MAY 10, 1955. They are also sponsoring a POLIO CLINIC on February 15, 1956. Many thanks to the HOLLIS WOMAN'S CLUB for helping us keep our Town and Children HEALTHY AND CLEAN.

Healthfully yours,

ERVING R. SIMONDS

Health Officer

WORK OF THE HOLLIS POLICE DEPARTMENT — 1955

Burglary and Theft	10
Summonses and assisting out of town police	19
General duty unclassified	20
Drunken driving	4
Hit and run	3
Warning on traffic violations	153

OF INTEREST

The Police are members of the Hillsboro County, Law Enforcement Association and The Middlesex County Police Association of Massachusetts.

Two officers have qualified as marksmen in the New England Police Revolver League.

This past winter some of the Officers have attended a Police School in Hudson. The Instructor was Chief of Police of Hudson Andy Polak a Graduate of the F.B.I. Police school. Incidentally the boys have given their own time to improve the work they are doing for you; and to accomplish the above.

PROBLEMS

Your help will be appreciated in the warm months ahead; in helping to control unreasonable speed at Silver Lake and strict observance of the stop signs at the four corners.

(Three seconds? Five minutes? What are these in a life time, Use your head; not your foot. DRIVE CAREFULLY.

FIRE DEPARTMENT REPORT — 1955

The year 1955 had 20 alarms, the least fire calls of any year for a long period of time. There were 6 calls for chimney fires, 5 building fires, 5 brush fire alarms—one of which was for aid in Nashua, 1 flooded oil burner, 1 dump fire and 2 calls for drownings. There were no total losses of the buildings involved which is mainly due to the water supply we carry on the trucks.

An excellent investment for everyone is to have hand extinguishers in their buildings and a usable water hole nearby.

With the coming of dial telephones, the Fire Dept. is faced with the problem of providing 24 hour telephone contacts. It will require an entirely new system of receiving calls and sounding alarms. When it is established we hope everyone will follow instructions and become very familiar with proper method of giving a call for aid at a fire.

WARREN H. TOWNE
Fire Chief

BE A GOOD CITIZEN — COOPERATE

Smoking and debris burning caused more than 50 per cent of the forest fires occurring in the state of New Hampshire in 1955—235 fires out of a total of 463 originated from these two sources. Lighted smoking material and matches thrown from moving vehicles along the highway or dropped by fishermen, hunters, hikers, berry and flower pickers accounted for 26 percent; debris burning in the wrong place or at the wrong time by those who failed to heed all pleas for safety or refused to recognize the logical, sensible rules and regulations set up under legislative authority governing the use of fire in or near woodlands accounted for more than 24 percent. This is inexcusable.

Everything possible is being done officially to remedy the situation. Since 1909 there has been a statute on our law books which requires everyone to secure written permission from the local forest fire warden before starting a fire in or near woodlands or where fire can be communicated to woodlands, unless the ground is covered with snow. A never ending program of educational work is being carried on by your local warden and state officials to inform the general public both of the value and necessity of securing the

required permit for such burning. Much progress has been made, but there are still many who fail or refuse to cooperate. The value of our permit system was definitely proven in this district during the 1955 calendar year. Local wardens issued 1621 permits for debris burning fires. That's a lot of permits. The records show only 8 permit fires got out of control. This proves several things—while wardens were liberal in the issuance of fire permits, accommodating every applicant so far as possible, they were cautious, following closely directives outlining overall policy governing the issuance of burning permits and thoroughly instructing permit users. The latter, too, fully appreciating their responsibility in using their permits, governed themselves accordingly. Result? Much burning done legally and safe.

But what of the smokers? Despite all the efforts of those officially charged with the responsibility of preventing fires, too many were careless or thoughtless in disposing of smoking material and matches. Why? It is difficult to say. Autos are now equipped with ash trays. Why not use them. The crushing out of a cigar, cigarette and the complete extinguishment of matches before being discarded is an easy chore.

If the costly habits of the careless and indifferent smoker and debris burner could be overcome, more than half of our annual forest fires would be eliminated. Will YOU do YOUR share to bring this about?

REMEMBER

1. Get a written permit from your local warden before starting your debris burning or camp fire. The law requires it.
2. Make certain they are dead out before leaving them.
3. Become a safe smoker by extinguishing smoking material and matches before discarding them.

BE A GOOD CITIZEN — COOPERATE

Number of local fires	3
Number of acres burned	2

GUY O. HOLLIS
District Fire Chief

WARREN H. TOWNE
Forest Fire Warden

CIVIL DEFENSE REPORT

We, wish to thank all the members of The Hollis Fire Department, especially Henry Hildreth, who have given so generously of their time in the installation of our new Civil Defense Warning System.

Our new Warning System is now complete with a new set of signals which every household should be familiar with. New cards with emergency signals and numbers will be furnished and available to every family in town. Please keep these cards near your phone. If you do not have this information at hand please contact your local warden for cards at once.

Our expenses this year have overrun our estimate due to the increase in prices of the signal equipment between the time of our estimate and our purchase.

We have been very fortunate this year in not having any local emergency where our services were needed, although we were alerted to stand by once.

We had one Test Alert which was most successful due to your cooperation.

We will probably have one or two test alerts and one meeting this year to acquaint you with our new signal system, and answer any questions you may have in the operation of our Civil Defense program.

We solicit your cooperation and support, and we hope to keep our expenditures at a minimum this year. Know your local Warden or contact any of the following committees for information. Help us to Help you.

Director—Erving R. Simonds
Assistant Director—Daniel Brockelbank
Administrative Unit—Norma Morison, Helen Lates
Communications—Henry Hildreth
Auxiliary Police—Harold King, Jr.
Fire Fighting—Warren Towne

Rescue and Evacuation—Howitt Warren
Refugee—Marion and William Sprowle
Refugee Feeding—Hazel Parkhurst
Transportation—Frank Whittemore
Health and Sanitation—Wendell Wright
Boy Scouts—Ralph Hardy
Schools and School Children—Laurie Harris

E. R. SIMONDS
Local Director Civil Defense

BLISTER RUST REPORT

There are a total of thirty-eight areas in which concentrations of "ribes" have been located between the years 1951-1954. Some of these areas have been eradicated by use of spray but generally speaking "pulling" was used in most of them and so it has been the intention of the scouts to examine the areas to determine if any regrowth of the "ribes" plants have occurred.

This we worked a total of six areas and found one of these areas to be concentrated enough to recommend crew work as a means of eradication.

We obtained the following amounts in the areas covered:

GOOSEBERRIES	CURRANTS	TOTAL ERADICATED
317	52	369

It is our recommendation that this investigating program of eradication be continued in order to assure the land owners that the blister rust disease is under control.

Total Amount Spent $33.67

REPORT OF THE SELECTMEN

The Financial Report, submitted by your Selectmen, presents in figures a full report of Town Affairs for the past year. However, many important happenings can not be adequately described by figures alone, and with this thought your Selectmen are supplementing this financial report with a written report which we hope will provide you with a clearer understanding of our Town and certain of its efforts and accomplishments.

ANNUAL TOWN MEETING, MARCH 8, 1955

Meeting called to order by Moderator Warren Towne who called upon Rev. Edwin Olson for prayer. Read warrant. Proceeded to vote at 9:25 A.M. under Article 1.

Meeting resumed at 10:45 A. M. under Article 2. Selectman Carter discussed the budget. Revenue is expected to be about the same except for the $3500 less from surplus. On expenses: Town officer's salaries were increased as a bookkeeping change to include Motor Vehicle Permit expense as an item of salary. There will be less expense on the Town Hall as painting and repair of Town clock were done last year. Extended coverage insurance for windstorm damage has been added. Ambulance cost has been added to the Police Budget. Chief Towne explained the Fire Dept. appropriation. The increased amount is to buy new hose. Carter resumed stating that the Alarm System would be discussed under the Warrant item. Library increase to come under warrant item. Town Poor increase necessary to care for needy people. Recreation is less as Band Concerts are under a Warrant item. New Land expenses includes bulldozing cemetery, floor in Town Shed, fence for Town Dump and new Fire Holes. Items 8, 9, 11 and 17 of the Warrant are budget items to come up. Arthur Davis asked selectmen about expected tax rate and pointed out that recommended budget will increase tax rate. It was voted to pass Article 2 for action later in meeting.

Erving Simonds pointed out the Health problem on garbage disposal and requested that garbage pails must be at roadside to be picked up.

Art. 3. Reports of Selectmen and other Town Officers as printed in Town Report were accepted.

Art. 4. Evelyn Rice moved that treasurer be authorized by order of the Selectmen to borrow money in anticipation of taxes. Seconded and carried.

Art. 5. Arthur Davis made motion the Town accept State Aid for construction of Class 5 roads and appropriate the sum of $921.23. Harold Hardy asked Selectmen where money is to be spent. Carter explained that the State had the say on this and requested that roads be properly built. Expect to finish the section of Wheeler Road on last year's unexpended balance. State Engineer has not recommended what is to be this year as yet. Clifton Glover asked what the Selectmen would recommend. Roscoe Brown said to finish Wheeler Road to Boulton's. Seconded and carried.

Art. 6. Carter explained need of time to properly assess. Mailing out of inventory blanks and returns with no change made, is a great help in the time saved. It is also helpful to be able to distribute inventory blanks at time of appraisal. If form is properly filled in and returned and no request is made to call, selectmen will not call for assessment. Daniel Brockelbank made motion, seconded and passed.

Art. 7. Henry Hildreth as trustee explained need of new furnace and oil burner in the library. Four bids have been received and two are under $1500. Motion made by Henry Hildreth to appropriate $1600 for new heating system in library, seconded. Discussion by Arthur Davis that $1500 was a large amount. Trustee Doris Bell explained that no bid had been received or proposed for a one pipe furnace and was not considered advisable to eliminate dampness. Passed.

Art. 8. Fred Pineo questioned the appropriation in view of size of band. Rev. Olson replied. Manning discussed band's financial needs. Eugene Beal made motion to appropriate $300 for 3 band concerts during 1955 by Hollis Church School Band. Passed.

Art. 9. Erving Simonds explained under Articles #9 and 10 that the Federal Government, under Civil Defense pays half of the cost on the communication and alarm systems. Erving Simonds made motion to appropriate $1,000 for communication system. Helen Bell asked to hear from Budget Committee. Harold Hardy replied that Committee felt that Alarm system was first need and communication system could wait. Warren Towne explained it was basically a fire fighting tool within the department. Warner Worcester made motion NOT to accept Article 9. Passed. Article turned down.

Art. 10. Erving Simmonds made motion to appropriate $1200 for purchase of Alarm System. Seconded and passed.

Art. 11. Erving Simonds explained why article differed from Budget Committee recommendation. Warren Towne explained new suitable fire truck would cost $8,000. Romeo Salvail made motion, seconded by Erving Simonds to accept this article. Passed.

Motion by Clifton Glover, seconded by Albert Geddes to take up Article 20 at this time. Passed.

Art. 20. Clifton Glover explained need of Mooar Hill Road. Charles Bell made motion to keep road closed. Milton Wright seconded. Discussion by Siergiewicz explained that keeping culverts open would eliminate wash. Roscoe Brown explained that cost of maintenance would be very high. Edward Lievens explained how new road was put in and difficulty of maintaining and plowing old road. Passed. Road remains closed.

Art. 12. Carter explained shortage of Cemetery lots and new land being developed to be made in different sized lots. Selectmen recommended that a rate schedule be set on new areas. Evelyn Rice made motion, seconded by Erving Simonds to authorize Selectmen to set up a rate schedule on the NEW sections. Passed.

Art. 13. Woodbury Bell explained that Richard Walker was giving land for cemetery. Woodbury Bell made motion, Richard Taylor seconded to accept. Passed. Motion made by W. L. Carter and passed to give a rising vote of thanks to Richard Walker for donation of land.

Art. 14. Explained by Roscoe Brown. This article necessary to accept road built on land given by Edward Lievens and Louis Ovens. Motion made by Roscoe Brown, seconded by Earl Watts. Passed.

Roscoe Brown made motion for a rising vote of thanks to Edward Lievens and Louis Ovens for gift of land in Article 14.

Art. 15. Woodbury Bell explained and read letters in regard to this item from property owners and City of Nashua objecting to closing of this road. The City of Nashua agrees to maintain the road if kept open. Motion by Bell, seconded by Brown to pass this article without action. Clifton Glover suggested the town should maintain the road. Roscoe Brown explained. Passed. Road stays open.

Art. 16. Motion made by Dexter Johnson, seconded by Joseph Nartoff to appropriate $1,000 for Grader Reserve Fund. Passed.

Art. 17. Wilson Mason made motion that the town purchase a new grader. Seconded. Charles Dow explained need of new and heavier grader. Hogan, Howe, Molis, Salvail, Grey discussed. Josephine Schultz asked Budget Committee why not recommended. Harold Hardy replied for committee. Dow pointed out that yearly cost of new grader could be financed at 2½% interest from one dealer. Motion carried by a hand vote count 37 to 20.

Art. 18. Edward Lievens made motion NOT to pass the article. Seconded. NOT carried. Ben Hogan made motion and Charles Bell seconded to authorize transfer of fund from Capital Reserve Grader Fund for purchase of Road Grader. Passed.

Art. 19. Edward Lievens made motion, seconded by Sprowle to authorize Treasurer, under order of the Selectmen, to borrow money for the purchase of the Road Grader. Passed.

Art. 20. Previously taken up.

Art. 21. Winthrop Carter made motion that Town Assess fines of 20c on Polls not paid by Dec. 1st. Seconded and carried. Carter made motion that duties of Fire Warden be delegated to the Fire Chief and the Assistant Chiefs. Seconded and carried.

Art. 2. Carter made motion to increase insurance cost by $135 on Town Hall and $70 on Library for extended coverage. Seconded and passed.

Motion by W. L. Carter and seconded by Woodbury Bell to accept the Budget as recommended with amendments and increases added by warrant action and the Town raise sufficient funds. Carried.

Polls were open until 6:30 P.M. Vote was announced at 7:30 P.M.

New Grader

Pursuant to Articles 17, 18 and 19 of the 1955 Town Warrant, purchase of a new grader was authorized. Since a question was raised as to the legality of the vote, the Selectmen requested an opinion of Sullivan and Gregg, the town lawyers. Since the opinion of the attorneys stated that the vote was illegal in that the article was not recommended or submitted without recommendation by the Budget Committee. The new grader was not purchased. The lawyers' opinion is on file in the Selectmen's office.

Cemeteries

As provided in Article 12 of the 1955 Town Warrant the Selectmen have established the following rate schedule for the new sections of the East and the Pine Hill Cemeteries:

Single lot	$ 5.00
Double lot	$10.00
Family lot	$30.00

Inventories

For the first time in recent years inventories were mailed to all property owners in town. Of the 668 mailed out, 370 were returned. The return of inventories is of great assistance to your selectmen and in many cases makes an actual inspection of the property unnecessary. We hope that we will receive a larger percentage of returns this year. We should remind the 298 property owners who failed to return their inventories that in so doing they lose any right to complain about their assessment.

Town Hall

By vote of the Town Extended Fire Insurance Coverage was placed on the Library and Town Hall in 1955. In early summer a bolt of lightning hit the tower of the Town Hall causing damage to the roof. Repairs in the amount of $450 were covered by insurance and since the entire tower was badly in need of reshingling, an additional $200 of town funds was allocated for the purpose, and the tower is now completely repaired and reshingled.

Timber Tax

Effective October 1, 1955 a number of changes were made in the Timber Tax law. An operator must now file two copies of the intent to cut with the State Tax Commission. He will be furnished a certificate which he is requested to post in a conspicuous place within the area of the operation. Copies of intents to cut may be obtained from the Selectmen.

Respectfully submitted,

R. L. BROWN
W. L. CARTER, JR.
H. FARNUM
Selectmen of Hollis

HIGHWAY DEPARTMENT

In addition to routine maintenance the following projects were completed under the Town and TRA programs.

SURFACE TREATMENT

Wheeler Road	2.9 miles
Farley Road	1.1 miles
So. Merrimack Road	3.4 miles
Hayden Road	.4 miles
Federal Hill Road	.7 miles
Total	8.5 miles

NEW CONSTRUCTION

Merrill's Lane	.3 miles
Van Dyke Road	.2 miles
Richardson Road	.2 miles
Total	1.0 miles

GRAVEL

Jewett Road	.3 miles
Bells Lane	.1 miles
Rocky Pond Road	.2 miles
Wood Lane	.4 miles
Total	1.0 miles

CULVERTS

Dow Road	32 feet
Merrill's Lane	32 feet
Wood Lane	24 feet
Richardson Road	28 feet
Total	116 feet

A balance of approximately $500 remains in the 1955-56 TRA appropriation. This will be used in the 1956 Road Program. Due to favorable conditions, the 1955 program was completed and enough funds remained to gravel the above mentioned roads and still leave the balance for next year's use.

The continuous rains this fall made grading of the roads particularly difficult. When dirt roads are too wet, the gravel will not pack properly and the effect of the grading is completely lost within a very short time.

As stated in the last years Town Report, we are badly in need of gravel located within a reasonable hauling distance of our construction projects. If anyone believes he has gravel on his land which he would like to sell to the town, please contact the Selectmen or the Road Agent, who will be glad to investigate.

REPORT OF TOWN AUDITORS

We have examined the accounts for 1955 of the Tax Collector, Town Clerk, Town Treasurer, Library Treasurer, Trustees of the Trust Funds and Selectmen and find them correct.

SCHOOL DISTRICT

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School district in the town of Hollis qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 12th day of March 1956, at Eight o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.
9. To see if the district will direct the Moderator to choose a School Study Committee of five citizens, together with the School Board, to investigate the needs of expansion of school facilities or other solutions for adequate accommodations and to report their findings and/or recommendations.
10. To transact any other business which may legally come before said meeting.

Given under our hands at said Hollis this 13th day of February 1956.

FRANK WHITTEMORE
BERYL R. ORDE
JACK BOYD

A true copy of Warrant—Attest:

School Board

SYNOPSIS OF SCHOOL MEETING

March 7, 1955

The Annual Meeting of the Hollis School District was called to order in the lower Town Hall by Moderator Warren Towne at 8:05 P. M.

Rev. Olson offered prayer.

The Moderator read the warrant Articles 1 to 10 inclusive and stated that all officers must be elected by written ballot and check list used as in recent eyars.

Article 1. Warren Towne was nominated by Stafford Hills as Moderator. Votes cast—20. Necessary for choice—11. Warren Towne received 19, Harry Bell—1 and Town was declared elected.

Article 2. Arthur G. Davis was nominated as Clerk by Wendell Wright. Total votes cast—17. Necessary for choice—9. William Spence received 1, Davis—16 and was declared elected.

Article 3. Jack Boyd was nominated by Clifford Manning as member of School Board for 3 years. Total votes cast—39. Boyd received all 39 votes and was declared elected.

Article 4. Arthur G. Davis was nominated as Treasurer by Dan Brocklebank. Total votes cast—9. Davis received nine and was declared elected.

Article 5. Voted to accept salaries as recommended in the budget.

Article 6. Voted to accept reports as printed in the Town Report and in hands of the voters.

Article 7. Edna Hill was nominated as Auditor by Ann Goodwin. Austin Parkhurst was nominated by Wendell Wright. Total votes cast—18. Necessary for choice—10. Edna Hill received 18. Austin Parkhurst received 11 and Warren Towne—7. Edna Hill and Austin Parkhurst were declared elected.

Article 8. Chairman Hills of the School Board explained the items of the budget giving reasons why they amount to $79,987.12. An increase of $9,467.68 over the figures for the present year. Ben Hogan made complaint that children walk too far and wait too long for school busses. After much discussion it was learned that only 9 walk much over 200 yards to school bus stops. Hogan moved to raise and appropriate up to $1,000 to have all children picked up at their door. No one seconded the motion. Motion failed for consideration

Dan Brocklebank moved that we raise and appropriate total of $77,725.61 as recommended in numbers 1 to 19 and 25, 26, 27, of the budget. Voted.

Article 9. Robert Hayden moved that we raise and appropriate $2,261.51 as recommended in numbers 20, 22, 23 of the budget. Voted.

Article 10. On motion of Denton Lates a rising vote of thanks was given to Mr. and Mrs. Richard Taylor for excellent bus service rendered the School District.

On motion of several persons a rising vote of thanks was given Henry Hills who is retiring from School Board after 6 years service.

The meeting was attended by 75 persons and total budget as accepted as recommended by budget committee.

Meeting adjourned at 9:25 P.M.

Respectfully submitted,

ARTHUR G. DAVIS, Clerk

THE SUPERINTENDENT OF SCHOOLS

ADMINISTRATION

I herewith present my seventeenth Annual Report. Statistics printed on other pages are also a part of this report.

INSTRUCTION

There were a number of changes which took place within the year. First of all, Miss Rideout resigned to take a position in another district. It is worth noting that she had spent all her teaching experience in Hollis — 27 years in all. She had given all those years to Hollis, she was versatile and forceful — now she sought higher remuneration in another field. I appreciate all her efforts and wish her well in the new work. Also, Mrs. Ashley, Mrs. Vezina and Mrs. Pieksen did not return. For these four vacancies, Mrs. Anita Sinkervitch of Nashua, Mrs. Mildred Foote of Milford, Mrs. Mary Ann Bradford of Reed's Ferry and Mrs. Margelyn Nilson of Milford were selected.

The employment of a teachers' aide at the Elementary School has worked out beautifully. Miss Olga Ross has taken hold of her job and contributes much to the smooth running of that school.

I also wish to call your attention to the most successful workshop which has been conducted in this Union. For two days and an evening, the teachers of this area participated in a conference on "Current Events for Teachers", a program which they themselves planned and executed. Principal Rockwell and Mr. DeLacey acted as co-chairmen and the success of the sessions is a tribute to their tireless efforts. As you may know, we had able consultants from various colleges and other institutions to lead the discussions. A Bulletin, giving the recorders' notes, has been published and distributed. This whole subject was a sort of a "pilot" project for the State — it being unique from all the others previously attempted. You can see that I am proud of the staff and feel that the carry-over to everyday teaching will last for a long time to come.

COSTS

A new law, enacted by the last General Court, prescribes the maximum liability of a school district not maintaining a high school as the average per pupil cost of all the high schools in the State or the average cost of the receiving school, whichever is less. Another provision empowers the State Board of Education to estimate these costs on the basis of the previous year's costs. Since those costs for

1956-57 cannot thus be determined accurately until after June 30, 1956, we do not know what these costs may be but the State Office freely predicts that the state high school cost will be $330 and the elementary $215 per pupil. I hear predictions from many sources that the rising trend will prevail for quite a while yet.

Another new law provides for approximately 20% state aid for building construction. You will see that an estimate appears under Revenue as your share of this fund for next year. There is no aid on interest payments, just on the Principal.

DEEDS

I call your attention to the re-decorating at the High School. I am pleased to see the buildings made more attractive by the application of paint from year to year. I am likewise pleased to commend the girls who did so much to improve the looks of their quarters.

TO COME

The success of the teacher-aide has been so marked that it seems imperative to continue her services and add a second aide because of increased numbers for next year.

CLOSING

"Good teachers do not just happen. They are the product of the highest personal motivation, encouraged and helped in their work by adequate salaries and the respect, support, goodwill of their neighbors. The quality of American teachers has never been better. But the rewards of too many teachers are not commensurate with their work and their role in American life. It is my earnest hope that, along with progress in other aspects of education, the states and communities will give increasing attention to this taproot of all education—good teachers, and hence good teaching." This is a quotation from none other than President Eisenhower.

Good schools just don't happen. They require planning, hard work and adequate finances. Expenditure still is a good criterion of what kind of school you have.

I am very thankful for the efforts of all my associates including Miss Connolly, the Teachers, the School Board. My contacts with the Community have been very rewarding.

Very respectfully,

HAROLD C. BOWLEY,
Superintendent of Schools

February 2, 1956

REPORT OF THE SCHOOL BOARD

It has not normally been the custom for your School Board to present a report of their own at this time. However, it is felt that changes made during the past year in themselves would justify a report; but more than that, the problems that will face us in the immediate future make it imperative that we inform all townspeople of the facts. They can then be thinking them over and appraise the situation for themselves. Such a course of action will enable us all to make a more intelligent decision when the time for action arrives.

During the past year many improvements have been made to our physical plant. At the High School some roof repairs were made on the cupola, as well as on the rear wing. The first floor class rooms were painted with an attempt to add a more pleasing color combination, which has been accepted so well at the Elementary School. Credit is due to the Home Economics students who supplied the labor in painting their room without outside help. The program that the P.T.A. has undertaken to rejuvenate the shop has been very much appreciated, and we have been assured that it will be completed in the near future.

At the Elementary School the grounds on both the South and North sides have been graded and seeded to provide more playing area. The Woman's Club furnished and planted several maple trees along the highway, and the P.T.A. supplied the funds and ingenious labor to construct two new merry-go-rounds for the playground.

The additional enrollment made it necessary to add another bus to our transportation system. There are now six routes being covered.

The shortage of teachers has been in the past, and will continue to be in the future, a very real problem with our town, as it is with every town in the East. This profession is underpaid and offers little attraction for trained people coming out of college. We are meeting this situation as painlessly as possible by gradually increasing our salary schedules. However, even with what has been done, we are only holding our own when we compare our salaries with those being offered teachers in the other towns with whom we are in competition. Our salary scales are about average of the salaries paid in other towns in this area. We must continue this trend if we are to attract and hold competent teachers.

Because of the large enrollment in the lower grades, we were forced to do something to relieve the teachers of some of their heavy loads. Last year we employed what is called a Teachers' Aide, and the school profited by this experiment. Much confusion exists

as to what a Teachers' Aide really is. Such a person is not a qualified teacher, nor is she intended to be. She strictly serves as an aide to the teachers in clerical, routine, and supervisory functions, and thereby gives the teachers more time to devote to instructional work with the pupils.

But the problems ahead of us are very acute, and should be understood by everyone. Our enrollment is increasing to a point where we are rapidly outgrowing our present school facilities. Next year we will have about 40 enrolled in each of the first four grades, and a census of pre-school children shows that we can expect about 40 in the first grade each year. In two more years there will be nearly 250 enrolled in the Elementary School. Not only are the physical facilities of the school wholly inadequate to handle this number of students, but no teacher can properly instruct 40 pupils. This is particularly true in the lower grades where so much individual attention is necessary to get the children started correctly in the fundamentals of reading, writing, and arithmetic.

This enrollment problem will also have its effect on the High School. Eight years from now over 225 students will be enrolled in those upper six grades. Even in this coming year, additional students make it necessary to add one more teacher in that school.

These future problems which are now already beginning to hurt must be solved with a long range plan within the next year. There are many possibilities such as: adding to the Elementary School, building a new Elementary School, consolidate our High School with other towns and use both existing buildings for elementary pupils, enroll our High School children in some out-of-town school, and several other approaches.

Your School Board needs help and guidance in formulating these plans. We suggest that the Moderator appoint five individuals to serve with the School Board as a School Study Committee to analyze the problem, and make a report for presentation to the townspeople.

Whatever is done will cost money, and probably a lot of money. It should be done right, and on a long range basis wherein the best advantage can be gained from the money spent. We must educate our children in the best manner we can afford, because in later years they will meet the competition of life with children from other towns and cities who are today facing up to this problem in their districts. We must face up to it too, and without delay.

FRANK WHITTEMORE
BERYL R. ORDE
JACK BOYD

OUR HELPING TEACHER

By Mabel I. Connolly

PURPOSE — TO HELP

The purpose, as previously reported, which underlies the work of the Helping Teacher continues to be the same—to help. Areas where help is needed remain basically the same but vary from time to time in the amount required. Help is available, but to be effective the teachers should desire it. Whenever they seek to improve their methods of instruction or acquire ideas or materials which will aid them in doing a better job then the Helping Teacher attempts to provide such help.

It is through classroom visitations that most needs become apparent and assistance is requested. How is help given? Mostly through individual conferences which follow the classroom visits, through group conferences and participation in teachers meetings, and sometimes through demonstration teaching. It is hoped that material contained in the monthly *Helping Teacher's Bulletin* also contributes. This includes such items of interest to the teachers in this union as results of surveys, sharing teaching techniques, reviews of professional books and magazine articles, and sources of help. A handbook has been made available to teachers of the first grade. Its purpose is to present a coordinated program and state the general aims and goals of the grade. It should prove helpful to all, but especially those who are beginning.

Often the help that is requested concerns the child directly and has to do with his adjustment and the school program. This may involve giving the child one or more tests to better understand his needs and having conferences with his parents, teachers and others.

SCOPE OF PROGRAM

Many phases of the Helping Teacher's program have been described in previous reports. The most important might be listed as follows: scheduling, curriculum development and coordination, testing, guidance, developing methods of instruction, classroom visitation, pupil grouping, participation in conferences and other meetings, role of counselor, consultant, organizer and resource person. At present this includes working with about 50 teachers and 1400 pupils throughout the union.

SPECIFICS

I would like to report in some detail about a few specific phases of the program.

Pupil grouping as based on the results of the reading readiness tests seems to be paying big dividends. Where this was followed in last year's first grade the progress made in reading was quite accelerated and the second grade teachers this year have noticed a decided increase in reading achievement. It should be noted here that we have a common reading system in this union in which phonics has a definite role. Other subjects which are coordinated on a union-wide basis are language, social studies, and handwriting.

A recent survey of handwriting in grades four, five, six and twelve shows results that may be termed as higher than average. The handwriting system we use starts out as manuscript and by the fourth grade works into the cursive.

Evaluating the children's work and reporting to parents has always been a major problem. This past year a committee made up of parents and teachers developed a new elementary school report card which, with revisions suggested by parents and teachers during a trial run, has been adopted for the time being. Another such committee developed one for the junior-senior high school. A poll of parents showed a total of 86% in favor of the new junior-senior high school card. Of the 1412 returns in the elementary school poll before revision 60% favored the new card. We agree that no perfect instrument of evaluating and reporting to parents has yet been devised. However, the method used to evolve the cards for Union #40 gave all who participated a better understanding of the problems faced by the pupil, teacher, and parent in their interpretation.

Availability

To be of greatest help your Helping Teacher must be available whenever and wherever needed, and may be directly contacted every morning before 9:30 at the Superintendent's office. After that the contact may be made through the office. Sometimes a problem requires immediate attention, but usually a teacher has a list of questions and needs which are taken care of after the regular classroom visit. One may correctly infer from this that the teacher who asks for the most help receives the most.

My effectiveness may be measured only by the amount of help I am able to give. In this case giving and receiving are integrated, as my efforts would be in vain without the help and cooperation received from the parents, teachers, principals, members of the school boards, and Mr. Bowley. I am very grateful.

Respectfully,
MABEL I. CONNOLLY,
Helping Teacher

OUR HIGH SCHOOL PRINCIPAL

January 20, 1956

Mr. Harold C. Bowley
Superintendent of Schools
Milford, New Hampshire

I herewith submit my fifth annual report as principal of Hollis High School.

The following is a list of the subjects offered this school year and the number of students presently enrolled in each subject.

High School		Junior High	
Subject	Pupils	Subject	Pupils
Biology	13	English VII	26
Civics	23	English VIII	26
Consumer Economics	9	Geography VII	26
English IX	22	History VII	26
English X	12	History VIII	26
English XI & XII	23	Home Economics VII	7
Foods	8	Home Economics VIII	17
French II	14	Mathematics VII	26
General Science	16	Mathematics VIII	26
European History	15	Science VIII	26
Advanced Math	9	Shop VII	19
Algebra	29	Shop VIII	9
Latin I	7		
Home	7		
Physics	15		
History of Civilization	6		
United States History	1		

The School Lunch Program began October third. Approximately 250 Pupils are bing served each day under the supervision of Mrs. Winifred Casey, Mrs. Nelson Parkhurst, Mrs. Alton Seager, and Mrs. Wilfred Gingras.

Total receipts for the year 1954-55 were $10,208.96 and total expenditures were $9,938.24. Federal Aid amounted to $1,806.97.

Seniors graduated June 15, 1955 and their fields of endeavor:

Charles S. Brown	Armed Forces
Gertrude Gagnon	Married
Carleton Johnson	New Hampton School
Elizabeth Lingley	Working
Carol Saunders	University of New Hampshire

Perfect Attendance for 1954-55:

Grade 7	Grade 8
None	Nancy Sedlewicz

Grades 9-12

Edward Chamberlain
Joan Hyde
Lanette Lund
Arthur Woods

School Activities since my last Report:

1954-55	1955-56
1. Valentine Ball	1. Freshman Initiation
2. Field Day	2. Open House
3. Junior Promenade	3. Senior Play
4. Senior Ball	4. Record Hops
5. Baccalaureate	5. Basketball
6. Graduation	6. Christmas Pageant

Teacher Activities

1. Reception given by Ladies' Reading and Charitable Society.
2. Convention
3. Workshop
4. In-Service Training.

Since one of the primary aims of an educational program should be to provide the pupils with as many educational opportunities as is financially possible; I feel that this is the time to point up the need for another teacher in our school. This teacher would enable us to enrich the curriculum, as presently offered, and also allow us to make provisions for our expected increased enrollment.

Our present and expected enrollments:

	1955-6	1956-7	1957-8	1958-9	1959-60
Grade 7	26	27	28	30	35
Grade 8	26	24	27	29	36
Grade 9	22	24	24	24	24
Grade 10	12	24	24	24	24
Grade 11	15	12	24	24	24
Grade 12	8	15	12	24	24
Total	109	126	139	155	167

With the addition of another teacher in the Junior High level a curriculum could be designed which would minimize the present alternation of subjects to the classes which are usually smallest and

at the same time allow us to offer more permanent subjects each year. The latter point needless to say will enrich the curriculum or allow for our expected enrollment since the pupils could choose from ten permanent subjects instead of our present five permanent subjects. Such a curriculum will also provide for more individual guidance of the pupil.

While looking over past Annual Reports several recommendations have been made, including my own, for a commercial teacher in our High School. I still feel that there is a distinct need for such a teacher, but feel that it would be better to postpone the step until our enrollments reach a figure which will allow us to offer the course without the danger of lowering the number of students in our present Home Economics classes.

In closing I wish to express my appreciation for the cooperation and aid given me by the Superintendent, School Board, Helping Teacher Teachers, Pupils, and Townspeople.

Respectfully,

LAURIE L. HARRIS, JR.
Principal

OUR ELEMENTARY SCHOOL PRINCIPAL

Mr. Harold C. Bowley
Superintendent of Schools
Milford, N. H.

I herewith submit my second report as principal of the Hollis Elementary School.

The enrollment September 7, 1955 was 204. Five entered during the year while ten transferred leaving the present enrollment 199 as of January 15.

Pupils neither absent nor tardy for the period September 7 to January 15 are:

Grade 1 Marjorie Hayden and Heather Neary
Grade 2 Linda Gingras, William Hills, Nancy McGilvary, Raymond Paradise, and Joan Whittemore
Grade 3 Lynn Scott and Margaret Taylor
Grade 4 Gail Hebert, Karen Marshall, Nancy Smith, Francis Storm, and Ross Whittemore
Grade 5 Margaret Wright, Henry Goodwin, Terry Helsing, Robert Price, Susan Spence, Stephen Storm, and Deborah Knight
Grade 6 Claire Chamberlain, Gary Price, and Kenneth Marvell

Pupils neither absent nor tardy for the entire year of 1954-1955 were Gary Price and Kenneth Marvell.

Half of our faculty is new this year. Mrs. Sarah Pieksen was replaced by Mrs. Margelyn Nilson of Milford, Mrs. Isabelle Vezina by Mrs. Ann Mary Bradford of Hollis and Mrs. Katherine Ashley by Mrs. Mildred Foote of Milford in Grades 1, 2, and 4. Those returning were Miss Connolly, our Helping Teacher, Mrs. Mary Perham in Grade 3, and Paul Sipe in Grade 5. We have the same consultants, Miss Ethelyn Edwards for music, Mrs. Ruth Ostertag for art, and Mrs. Catherine Hammond for speech.

Miss Olga Ross joined us in September as a teachers' aide, being the first one in New Hampshire. This is a pioneer venture which is working out especially well. She assists teachers of the lower three grades besides doing bus duty, playground duty, ditto work, distributing supplies, collecting lunch money, etc. relieving teachers of these non-teaching duties thereby giving them additional time for instructional purposes.

Our custodian, Philip Guyette, continues to give the same superior service.

ACTIVITIES

The boys in Grades 5 and 6 took part in a Field Day in Milford the second Saturday in May. This was sponsored by the Y.M.C.A. including boys from all of the surrounding towns. This being our first try and having so few boys to compete, we felt very proud to win third place.

The P.T.A. sponsored a box lunch and variety show May 13th which proved a huge success. A sum of over $400 was raised. Some of this money has been given to our school for materials for playground equipment, for drapes and blinds for the teachers room, and to buy library books for each room. Much credit is due our fine P.T.A. which has done so much in its one year of existence.

Grade 6 retained the P.T.A. banner the entire year for having the largest percentage of parents present each time but lost it to Grade 8 in October.

Our annual art exhibit was held in May with over one hundred and fifty parents and friends attending.

During the summer the north end of the school grounds was leveled in preparation for seeding to make a larger playground for the lower grades.

Alton Seager worked diligently during the summer, assisted by his sons, James Hills, John Molis, Robert Hayden, Austin Parkhurst, and many others building two new merry-go-rounds out of materials donated by interested parents and friends. Both of these were built at a cost of about $25. These are in use the entire year.

Charles Dow donated and filled a very large sand box for the younger children which they enjoy.

Other equipment will be added in the spring. It is most gratifying to have had so much done for us in so short a time.

A reception and supper for the faculties of both schools was held in October by The Ladies Reading and Charitable Society at the church.

American Educational Week was observed throughout the week of November 6. The Open House planned for the evening of November 12 was postponed due to inclement weather, being held November 21 before the P.T.A. meeting.

The state bookmobile has made two visits to our school this year leaving about one hundred fifty reference and library leisure reading books each time.

Bus transportation is provided for pupils of Grades 3 to 6 to the public library Thursday arternoons.

Our new report cards, with slight revisions, were issued for the first time in November. These were very well liked by the majority of the parents.

Union #40 held a most interesting workshop November 20 and 21 entitled Current Events for Teachers. Most teachers feel this was the most interesting and worthwhile one to date.

HEALTH

All pupils were given physical examination by Dr. Burns assisted by Mrs. Gill, our school nurse, in October.

Pupils of Grades 2 and 3 who had first Salk polio inoculations last year were given their second one in October.

Mrs. Catherine Hammond, our speech consultant, is giving instruction to thirteen pupils with speech defects. Much more benefit could be gained if her instruction periods were lengthened.

About 75% of the pupils are taking advantage of the hot lunch program which extends from October to May.

The greatest needs of our school as I see them are:

1. Higher salaries must be paid to hire and retain teachers of marked ability instead of the constant turn over of at least 50% which weakens any instructional program. Our community must be shown to be one that a teacher is proud to live and work in at comparable wages.

2. Additional rooms should be built on to make it possible to split our large classes coming in and which we now have. A teacher's effectiveness in the teaching-learning situation is measured in proportion to her knowledge of her individual pupils, of their growth patterns, and of their potentialities. In such crowded situations as we now have, little attention can be paid to the individual's learning and problems. The quality of instruction is bound to suffer.

We need to build on a firm foundation. We can't if we don't get immediate help.

We have special teachers for art, music, and speech but none for those who need help within the scope of the regular classroom teaching. The future of our school is dependent on its success in fulfilling the needs of the children.

Surrounding towns seem to be more alert to their situations and have done something about it. I urge you all to get behind your school board to aid them in this great problem.

I wish to express my sincere appreciation for the cooperation and help given to me by you, Miss Connolly, the School Board, teachers, and parents.

Respectfully submitted,
MADELINE DENAULT
Elementary Principal

GENERAL STATISTICS FOR SCHOOL YEAR 1954-1955

Number of Different Pupils registered during year: Boys 157; Girls 145	302
Enrollment by Grades: I—38; II—37; III—30; IV—31; V—37; VI—25; VII—29; VIII—22; IX—19; X—15; XI—11; XII—8	302
Average Membership in High School, Grades 9-12	46.3
Per Cent Of Attendance in High School	95.5
Average Membership in Elementary School, Grades 1-8	237.3
Per Cent of Attendance in Elementary School	92.6
Number not absent or tardy during year	9
Number of sessions in all schools	360
Number of School Board Meetings	12
Number of visits made by Superintendent	93
Number of visits made by Helping Teacher	196

SCHOOL CENSUS — SEPTEMBER, 1955

MRS. BERYL ORDE, Enumerator
